## OBJECTIVE

To pursue a challenging position within a dynamic organization where I can leverage my extensive technical expertise and strong problem-solving abilities to contribute to innovative projects. I am eager to apply my knowledge across various technologies, collaborate with cross-functional teams, and drive the development of high-quality solutions that align with business objectives. My goal is to continue growing professionally while making a meaningful impact through my work.

## EXPERIENCE

- VedTEQ Technologies** **September 2023 - December 2024**  
Full stack engineer  
An experienced Full Stack Engineer with expertise in React, Python, FastAPI, and Next.js, skilled in building and maintaining scalable web applications. Proficient in both frontend and backend development, with a strong focus on creating dynamic user interfaces and efficient APIs. A collaborative team player committed to delivering high-quality, performant software solutions.
- Syren Technologies** **September 2021 - October 2022**  
UI Engineer  
Developed and maintained React-based web pages, ensuring a seamless user experience.  
Implemented front-end features and functionalities according to project requirements.  
Established effective communication between front-end and back-end systems for smooth data flow.  
Collaborated with cross-functional teams to deliver projects on time and within scope.  
Participated in code reviews and contributed to the improvement of coding standards.
- Orane Intelli Solutions** **July 2021 - September 2021**  
Frontend Developer  
Started as an Intern in this Company.  
Developed Frontend pages.
